

## Student Information for eLearning Days

Traditional Model	eLearning
<b>What is a traditional model?</b> Students and teachers will be on campus for in person learning.	<b>What is eLearning?</b> Kindergarten – 1 <sup>st</sup> grade will receive hard copies of their lessons in a learning packet that will be sent home, but they will also have some virtual lessons via School Status Connect. Grades 2-5 will complete all learning and assignments at home with the use of their dynabooks and Google Classroom.
<b>How are students notified when a learning model will take place?</b>	
	We will communicate school cancellations and the announcement of an eLearning Day through phone calls, district/school websites, social media (Facebook and Twitter), and local media.
<b>How are students counted present or absent in each model?</b>	
Teacher requirement	3 day make-up window  Please check in with teachers through SchoolStatusConnect and verify your student is completing assignments.
<b>How are students informed about assignments?</b>	
	In grades 2-5, teachers will post their assignments on Google Classroom. When able, students will download their assignments to their device ahead of time at school. Lessons will be posted daily by teachers at 7:30am.
<b>How will students get help on their assignments?</b>	
	Teachers will be available through Google Classroom, Zoom, email and other school contacts which will be posted on their school and class website. Teachers will also be available during office hours which are 9:00-10:30am and 1:00-2:30pm.
<b>Who do I contact for technical support?</b>	
Technical support will be available during school hours.	You may first call our IT department at 864-658-3693, Ms. Maresha. If you need further assistance please call our Dean of Operations, Mr. Larry, at 864-658-3683.
<b>How much schoolwork will students be required to accomplish?</b>	
	Students will not be overloaded with busy work but will be provided meaningful learning activities related to their current unit of study. Assignments should take a reasonable amount of time to complete when on task. The actual amount of time online is less important than the work

	produced and/or created by the student to demonstrate learning and mastery of learning targets.
